CASE STUDIES

ADOPTION OF ADEQUATE PROCESS RESULTED IN 30 % COST REDUCTION.

OVERVIEW

A gated community with 124 villas on 12 acres near Gandipet approached us to provide a counteroffer for implementing Hydropneumatic Pump Water Lines & Gardening Lines along with Waste Water Lines.

As the current cost provided was above 10 Million INR by an external MEP Consultant

OUR APPROACH

We re-engineered the complete design and perform granular calculations to select pipes, pumps & fitting material. The key areas which fine-tuned are as below -

- Pressures.
- Dia of Pipe.
- Fittings required.
- Instrumentation.
- MOC of the Material.
- Re-routing the Pipe Lines to minimize the length of the pipes.
- Removing the unwanted accessories/fittings etc and many more.

BENEFITS

The entire project was successfully completed with a cost of only 0.70 Million

OUR CLIENT TESTIMONIALS

"Absolutely first-class services from Needs Resources. The team was very knowledgeable and efficient. They were faced with an impossible situation, but they wouldn't be defeated. They took the time and fixed the issue very efficiently. Displayed professionalism and persistence. Absolutely brilliant! I cannot recommend them highly enough. Thank you."

MR.RAJ PRASHANTH
VICE PRESIDENT

"We hired Needs Resources for our new Villa project. We understood we hired expertise and commitment. We admire the research and efforts put in by the team. Such precision and customised solutions, very unique. Whatever is your plumbing requirement I would recommend Needs Services. 7 yrs and still running efficiently. The best part is, they periodically do follow-up and suggest the latest updates. Superb services."

MR.DINAKARAN
COMMITTEE PRESIDENT

"We have been working with Needs Resources on various plumbing matters and projects in the past. The process adopted was smooth and the deliverables were on time.

The amount of information and insights we got from the team is invaluable. Their dedication to their work and respect for others make the entire team a great asset. We highly recommend Needs Resources for their services."
